### 1. NATURE OF THE ORGANIZATION

Bluebonnet Homeowners' Association Inc. (the "Association") is a Texas non-profit corporation, incorporated in 2004, to provide for the maintenance of common facilities of Bluebonnet County, a series of subdivisions containing approximately 2520 lots and 1300 acres located in Navasota, Grimes County, Texas.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

*Basis of Accounting* - The Association prepares its financial statements on the accrual basis of accounting. Under such basis, income and related assets are recognized when earned and expenses and related liabilities are recognized when incurred. Revenue of the Association is generated from collection of member assessments; expenditures consist primarily of site improvements, landscaping, repairs and maintenance.

*Fund Accounting* - The Association's governing documents provide certain guidelines for its financial activities. To insure observance of limitations and restrictions on the use of resources, the Association maintains its accounts using fund accounting.

*Member Assessments* - Association members are subject to annual assessments to provide funds for the Association's operating expenses, future capital acquisitions, and major repairs and replacements. As a result of a high percentage of members not paying fees, the Association recognizes revenue for a year only when the amount has been collected. The annual budget and assessment of members are determined by the board of directors. After all other reasonable collection efforts have been exhausted, the Association's policy is to retain legal counsel and place liens on the properties of lot owners whose assessments are delinquent.

*Financial Instruments* - the carrying value of cash, accounts receivable, accounts payable, and accrued liabilities approximate fair value due to the short term maturities of these assets and liabilities.

*Accounting Estimates* - The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

*Allowance for Doubtful Accounts* - The Association allows for all receivables not collected.
